

# ONE MEGA ROLL FOR A MEGA DAY OF BALING

## JOHN DEERE COVEREDGE MEGAROLL 67" X 13,200'

- 46% Longer than the original CoverEdge.
- Meets the maximum roll diameter for a John Deere baler.
- TamaTec+ Technology allows more bales from a single roll of Netwrap.
- Less rolls to handle for the same number of bales.
- Less time spent reloading baler with net.
- Enough net on one roll for a Big day of baling, more than 314 bales at 2 wraps.

JOHN DEERE  
COVEREDGE  
67" X 9,000'
